## Dear Neighbor,

If I am elected as your State Representative, I will strive to serve in the tradition of Barbara Gray and Debby Blumer, strong women who somehow had the gift of being everywhere at once.

I will make constituent services a top priority because I know that "small problems" aren't small to the person having them. I'll remain easy to find and easy to talk to about anything I can do to help the town or its residents.

I believe I have the strongest record of service to Framingham and the best set of skills and experience to serve as your State Representative. I'd be honored to have your vote in the **Democratic Primary on Tuesday, September 16th.**

*"We believe Dawn has the potential to be an extraordinary state representative who will serve the people of Framingham well."*

*-Debby Blumer's Family*

**On Tuesday, September 16th,**  
Vote Dawn Harkness  
Democrat for State Representative

## 6th Middlesex District

A Strong Voice for Framingham
